

## What is Ci Mini?

This camp is designed for Christian schools, home school groups, and church youth groups. The Ci Mini Camp is designed to compliment the mission of Christian education by equipping students with solid Bible answers to today's attacks particularly in science. This is accomplished by providing in depth tours to two museums - The Creation Museum, which presents a biblical worldview, and the Cincinnati Science Museum, which provides an evolutionary worldview. Students are challenged to see how both museums present the same evidence in astronomy, geology, biology, paleontology, yet come to very different conclusions because they have different starting points (worldviews). Ci provides lodging, meals, all museum admissions and a well intentioned curriculum to help students maximize what they can learn in 3 days.

### 1. Ci Mini includes:

- access to highly credentialed speakers of Answers in Genesis (majority have PhD's in their respective fields of science & theology)
- group has private Q&A time with these speakers
- admission fees to Creation Museum & Cincinnati Science Center
- zip-line adventure
- solid Biblically accurate planetarium show about the size and scale of the Universe
- star gazing night directed by a young earth scientist with a PhD in astronomy
- 6 meals
- 2 night's camp lodging
- specially designed CSI Adventure which helps teachers be able to properly guide each student to gain the most from both museum experiences

## **2. Ci Mini reinforces the mission of your school**

- provides a walk through of the Bible (Genesis 1-11) in an area that is most attacked and criticized in our culture, causing many young people to abandon their faith
- provides a multi-sensory experience that encourages learning for each student's learning style
- culturally confronting
- solid Bible answers to relevant issues in science & technology (our tagline says it all "Camp Infinity: Where Science & Technology Meet Truth")

## **2. Ci Mini is organized and intentional**

- most school field trips to museums (including the Creation Museum) are not refined to reinforce the biblical worldview & science teaching of Christian education
- enhanced by Camp Infinity connections with Answers in Genesis & The Creation Museum
- designed from Ci's summer camp programs to fit within the format of a 3-day event

## **3. Ci Mini costs include:**

- administrator and Bus Driver
- covers all costs for an 8:1 chaperone ratio
- does NOT include transportation to, from or during the Mini
- contact us for cost on the package that best fits your school's goals and budget

**CONTACT US to create a Ci Mini experience that best fits the goals and budget of your organization.**
